1. The following development shall not require a development permit:
 - (a) The carrying out of works of maintenance or repair to any building, provided that such works do not include structural alterations or major works of renovation.
 - (b) The completion of a building which was lawfully under construction at the date of the first publication of the official notice required by the Act, provided that the building is completed in accordance with the terms of any permit granted in respect of it and subject to the conditions to which such permit was granted and provided also that the building, whether or not a permit was granted in respect of it, is completed within a period of twelve months from the said date of the first publication of the official notice;
 - (c) The use of any such buildings as is referred to in Section 1.3 (1) (b) for the purpose for which construction was commenced;

 - (f) The maintenance and repair of public works, services and utilities carried out by or on behalf of federal, provincial and municipal public authorities on land which is publicly owned or controlled.

1.4 Non-Conforming Buildings & Uses

1. A non-conforming use of land or a non-conforming use of a building may be continued but if that use is discontinued for a period of six consecutive months or more, any future use of the land or building shall conform with the provisions of the Land Use Bylaw then in effect.
